R.C. Man Killed In Napa Accident

Funeral services for Walter Sutten, 28, who was killed Saturday near Napa, were held Wednesday at 9 a. m. from the Franklin & Crowe Mortuary.

Sutten, a former Redwood City resident who had made his home in Napa for the past six months, was killed when a heavy hatch cover which he was painting fell on him killing him and injuring two fellow workmen.

The accident occurred at the Basalt Rock Co. plant near Napa. Injured were Frank Armand, 33, and Mike Ferretta, 52, both of Napa.

Sutten is survived by his wife, Margaret Passini Sutten of Redwood City; his mother, Mrs. Mary Schroeder, a brother, Richard Schroeder, and two sisters, Mrs. Ida D. Alt and Leorna Coleman, all of Torrence.

FORMER TEACHER DIES

EAST PALO ALTO—Mrs. Alice J. McCarthy, for many years a teacher in the Indian schools of Northern California, died Friday night at her East Palo Alto home. For the past 10 years she had lived at 1794 Bay Rd.

Rounded stones were used as projectiles in early cannon.

6 Selectees Are Sought By Officials

Six registrants of the Redwood City Draft Board Area were being sought here by federal authorities because the local draft board has been unable to locate the men.

Questionnaires sent to addresses listed by the men failed to reach them, and their whereabouts remains unknown. They face stiff penalties as draft evaders if they do not show up, officials said.

Draft Board Chairman E. I. McAuliffe said the United States district attorney's office had been provided with the following list of delinquent selectees:

Samuel Roland, general delivery, Redwood City; Burno Vernasconi, San Carlos; Jesse C. Camacho, 1159 Main St., Redwood City; Wilford J. McCray, 215 Lux Ave., South San Francisco; Charles W. Gibson Jr., 2887 Green St., San Francisco; Carl L. Martin, 2345 Middlefield Rd., Redwood City.

None of the men was at the above addresses, and inquiries proved futile, Judge McAuliffe said.

Coastside Surf Gives Up Man's Body

REDWOOD CITY (AP)—The body of an unidentified man, between 60 and 70 years old, was found in the surf about a mile and a half south of the Olympic Golf Club today.

Undersheriff Lawrence Nieri of San Mateo said the body was attired in a dark suit and had not been in the water long.

'That Night in Rio' Coming

Alice Faye, Don Ameche and Carmen Miranda provide the romance and songs for "That Night in Rio," the glamour-filled Technicolor musical of the gay Latin American Capital, which opens Sunday at the Redwood Theater.

R.C. Postoffice Records Big Gains

Stamp sales, the barometer of postoffice business, showed a big gain in the first six months of 1941 over a similar period last year, according to Postmaster Robert E. O'Connell.

Redwood City's postoffice sold $44,987 worth of stamps for the first six months of the current year against $42,996 for the same period of 1940, O'Connell reported.

The end of June also brought a fiscal year to a close for the postoffice with stamp sales for the 12-month period showing an 11 per cent gain over the previous fiscal year. In the 12-month period just ended, the postmaster said, stamp sales amounted to $102,291 against $91,828 for the 1939-40 year.

While stamp sales are rising at the postoffice, all other departments are showing a comparable increase, O'Connell said. Incoming and outgoing mail and parcel post have shown an appreciable rise as have money orders and postal savings.

At the present time the postoffice also is doing a brisk business on U. S. Defense Bonds and Stamps as a result of the government's advertising program.

The business done at the postoffice for the first six months of this year in all departments is far more than a complete year's business seven or eight years ago.

Local Man's Mother Succumbs at Reno

Mrs. Carrie Hund, 79, mother of Dr. Frederick Hund of Redwood City, died Friday in Reno. She was a native of San Francisco. Also surviving are three other sons, Dr. Harry Hund of San Rafael; Dr. Walter Hund, Oakland; Dr. Irwin J. Hund, Reno, and a daughter, Mrs. Lawrence Nicol of Berkeley.

Ice Show Continues To Attract Throngs

Biggest attraction for Bay Area entertainment seekers continued this week to be the glamorous Ice Follies of 1941, all-new edition of the famous skating show, now appearing nightly at Winterland, in San Francisco.

The smooth-flowing, richly-costumed revue is steadily adding to its audience total of many millions.

First daytime performance of the ice spectacle has been set for Saturday, July 12. The complete night show will be given, commencing at 2:30 p.m. Tickets are available at special rates.

The current edition of the Ice Follies is different from the ones which delighted three-quarters of a million persons in San Francisco last year and the year before.

Amazing to those who see the Ice Follies for the first time is the transposition of dance routines to ice skating. Experts explain that figure skating is based upon dance steps, with a rapid and continuous rhythm almost indescribably beautiful. Those who have seen the show point out that the seemingly effortless flow of action creates the illusion of dancing in the air.

One of the unusual features of the new Ice Follies presentation is the series of performances staged by Harris Legg, champion trick skater, speed skater and barrel jumper.

Ice Follies tickets are available for all performances at Winterland, Post and Steiner Sts., San Francisco, WAlnut 0112; at Sherman Clay boxoffices in San Francisco and Oakland; and by mail order addressed to Winterland. Advance reservations are recommended.

Nell Gwyn, mistress of Charles II of England, lived from 1650 until 1687. She first appeared on the stage in 1665, and retired in 1682.

Mrs. Pauline Kelley Of Menlo Park Dies

MENLO PARK—Death came to Mrs. Pauline Kelley, 63, in Palo Alto Hospital Friday night. The remains were removed to the undertaking parlors of Suhr & Weibold in San Francisco. The deceased, who lived at 1784 Partridge Ave., Menlo Park, is survived by a sister, Wilhelmina Luft, of San Francisco.

HELD ON DRIVING CHARGE

May Lawler, 28, 118 Oakdale St., Redwood City, was arrested by Redwood City police at 2:45 a.m. Saturday and charged with drunk driving. The driver has been released on $100 bail.

Mortician Elected To National Group

Announcement was made today that Lewis E. Franklin, owner of the Franklin & Crowe Mortuary in Redwood City, had just become a member of the National Selected Morticians, which has no more than one member in any city. Through membership in the association, Franklin will have available a large source of information concerning the funeral business; will be able to use services of the organization, and will obtain co-operation of other members to permit him to better his service here.

Local Army Officers Given Active Duty

Three men residing in the Redwood City area have given up private life to take up active duty as officers in the U.S. Army, it was learned over the weekend.

Col. Robert A. Roos, Hillsborough resident and well-known San Francisco business leader, has been called to active duty effective tomorrow. He will go to Washington shortly and then return to San Francisco for duty on the staff of the commanding general of the Ninth Corps Area.

Lt. Philip S. Maslin, Sequoia High School teacher residing at 80 Finger Ave., Redwood City, an officer in the infantry reserve, has been called to active duty at Hamilton Field effective July 5.

Lt. Chester R. Haas, 1020 Clinton St., Redwood City, began late last week a one-year tour of active duty at the air corps training field at Stockton. He is a member of the air reserve corps.

Best Cowboys in Association To Participate in R.C. Rodeo

The best riders in the Cowboys Amateur Association of America will be in Redwood City for the two-day rodeo being staged at the Fourth of July Celebration, after which they will scatter to rodeos all over the West, Joe Bessler of Woodside, president of the association, said today.

Included among the 200 or more riders expected to compete in the 15 events Friday and Saturday, July 4 and 5, will be these top-notch cowboys:

Jack Harra of Redwood City, who was "best cowboy," winning most places, at the Placerville rodeo a fortnight ago.

Milt La Frankie of Salinas, who won first place in the Brahma Bull riding at the Placerville event.

Earl Inks of Hayward, winner of the amateur class bronc ride at the Livermore Rodeo.

"Dutch" Martin of Escalon, all-around champion who has won nearly $1000 in prize money this year and who can ride, rope, bull-dog, and do virtually everything required of a cowboy.

Pete Clayton, one of the leading amateur bronc riders, who won his event at the recent Madrone rodeo.

Wyn Powers of Reno, leading amateur rider in Nevada last year.

Gregory Laugher, all-around champion at Davis Agricultural College last year.

Joe Russell of Paso Robles, who won the calf-roping event at Santa Barbara recently over members of the Cowboys Turtle Association.

With these good riders participating, with the Jack Melrick bucking string (the same as that used at Sonoma last week and to be used at Salinas July 17-20) for them to ride, with Superior Judge Maxwell McNutt, former president of the Rodeo Association of America, in the arena as director, and with a new, full-sized arena available at the celebration grounds on Bayshore Hwy. in Redwood City, assurance is given that the rodeo will be as thrilling and exciting as any staged anywhere, in opinion of Bessler, himself an expert cowboy who placed second in the bareback riding class at Sonoma.

To be added to this string of reasons for a successful show is the fact that Chick Ueterback of Newhall, an experienced bull-fighter and clown, will be present to entertain the crowd and aid the bull riders escape if they are thrown.

He has worked at King City, Hanford, Salinas, Saugus-Newhall and other rodeos, Bessler said.

The wild Brahma bulls, a cross between the sacred cattle of India and the Texas longhorns, are expected to provide the most thrills of the rodeo, for riding them is considered the most dangerous of all cowboy sports.

Every branch of Wild West competition will be offered at each of the two days' shows.

On Sunday, in the same arena, a horse show will be staged, directed by Harold Himmelman of the Menlo Circus Club and Capt. Fred Egan of the San Mateo Gymkhana Club, specialists in their line.

Foresters Initiate Three New Members

Three new members were initiated into membership Wednesday night by Court Madrone 158, Foresters of America. Arthur Bergfeld, grand chief ranger from Berkeley, attended the meeting. He was accompanied by several members of the Court Shell Mound of Oakland.

Initiated by the local degree team were Francis P. Ryan, John L. Sullivan and Walter Wirz.

July 5 Proclaimed As Legal Holiday

Following the lead of Governor Olson in declaring July 5 a holiday, Redwood City banks, the courthouse and city hall will be closed next Saturday, making a three-day holiday for officials and employes and enabling them to participate in the Peninsula Fourth of July Celebration at Redwood City.

Retail stores will remain open on Saturday and Saturday evening, H. C. Mitchell, chairman of the Merchants Committee of the Redwood City Chamber of Commerce, announced.

Highway Opening Fete Set for August 17

PESCADERO—Plans for opening Aug. 17 of the Bean Hollow-San Gregorio unit of Ocean Shore Hwy. have been started by the Pescadero Junior Chamber of Commerce.

Supervisor John M. Ratto of San Francisco has been invited to be master of ceremonies. Ratto is chairman of Joint Highway District 9, which is financing construction of the highway which when completed between San Francisco and Santa Cruz will have cost more than $4,000,000.

Lawyers To Continue Aiding Army Men

SAN MATEO—As their contribution towards morale building and defense activities, members of the San Mateo County Bar Association today are pledged to continue their service, gratis, to men in the service requiring legal advice in civil matters.

The importance of this act was emphasized Thursday by Loyd Wright, president of the State Bar Association, speaking at the meeting of the county association at the Hotel Benjamin Franklin, San Mateo.

"Already the lawyers have come to the aid of the men in the service to keep their property from being foreclosed and their cars seized," Loyd said. "Their homes and rights are being protected," he declared.

James O'Keefe Jr. of Redwood City, president of the county bar association, presided and introduced the speaker. Attorneys from all parts of San Mateo County attended the meeting.

County Reduces Fee For Milk Inspection

County milk inspection fees have been lowered from ¼ cent a gallon to 1-6 cent a gallon, effective today, Dr. C. C. Gans, county director of health and welfare, states. The reduction will aid milk dealers in their efforts to maintain existing prices in the face of price rises in other counties.

Dr. Gans said the inspection fee reduction was made possible by action of the supervisors in amending milk and food ordinances. A general population increase, resulting in greater milk distribution, brought excess revenues from the fees, while consolidation of health activities of the various cities under the county department resulted in lower administrative expense, Gans said.

"The decision of the milk dealers of San Mateo County to maintain the present retail price level for milk is extremely important to the consuming public," Dr. Gans said. "Milk products of the highest standard are enjoyed by residents of San Mateo County due largely to the voluntary action of milk dealers themselves, many of whom maintain higher standards than are required by law."

R.C. Exchangites Paid Honor at San Mateo

Redwood City Exchange Club was awarded a service banner and several of its members were honored Saturday night when the new San Mateo-Burlingame Exchange Club, which was sponsored by the local group, was instituted at Benjamin Franklin Hotel with 195 men and women, including several city and county officials, attending.

Dr. Rollo O. La Berge, president, Lloyd W. O'Donnell, secretary, of the local club, were presented by the National Exchange Club with service pins for their work in starting the new club, and Kenneth L. Bowen, immediate past president, was presented by the California Exchange Clubs, through Dist. Gov. Clive Saiz, with a set of bronze bookends for his service to Exchange during 1940.

National Vice Pres. A. Earl Washburn of Oakland presented the charter to the new club, which has 32 members. State Pres. L. L. Ventre of Stockton and other Exchange officials were present, as were members from a helf dozen Bay Region clubs.

Preceding the dinner, Redwood City club was host at a reception. The evening ended with dancing.

Murder Trial Set For Aug. 12

John M. Holmes will go on trial Aug. 12 for the murder of Wilson D. McNary, 26, Pendleton business man and kin of Senator McNary, who was shot to death in a San Mateo hotel room May 3 assertedly after quarreling with Holmes over attentions paid a wealthy Hillsborough widow.

Superior Judge Maxwell McNutt set trial Tuesday, after Atty. F. E. Hoffmann of San Mateo, representing Holmes, said he would be "out of town" the latter part of July, and would want a week's time in which to prepare the case after his return.

Dist. Atty. Gilbert D. Ferrell, who previously had opposed a requested six weeks' continuance of the case on grounds it had been "delayed too long," told the court he wanted the trial held "with a minimum of delay," but would accept any date set by the court.

Holmes, 35, is still at Memorial Hospital under treatment of an eye specialist. He blinded himself with a bullet, apparently fired in a suicide attempt.

It was empty at the time, and the loss was slight. The garage was the property of C. C. Kern, 132 Spruce St.

ACRE OF GRASS BURNED

WOODSIDE — A grass fire, starting on property next to the home of Arthur Oppen at Brookline Way and Lakemead Ave., in the Emerald Lake district, burned over about an acre of ground shortly after dark last night. The Woodside Fire Department controlled the fire before any damage was done.

83 YEARS OF SERVICE TO HOMES AND INDUSTRY

Johns-Manville Journal

JOHNS MANVILLE PRODUCTS

An Emperor With an Idea

Asbestos, the magic mineral that does not burn, so fascinated Peter the Great of Russia that he built a factory to manufacture products from it. But the factory failed because the Russian emperor could not find enough uses for the mineral.

That was slightly more than two hundred years ago. Today asbestos is used all over the world in many ways. It is one of Johns-Manville's principal raw materials for the manufacture of hundreds of J-M products which serve the home and industry.

Minutes Count in Building Defense Against Modern War

Superhuman Effort Is Required to Quicken Pace of Production

Johns-Manville and J-M workers are working 24 hours a day (in three shifts, of course) on defense materials.

But the national emergency cries out: "More! MORE! Faster! FASTER!"

The days aren't long enough to do what should be done each day.

There's a new kind of war abroad in the world. Abroad today but maybe here tomorrow. Countries are conquered in a week or two. Nations fall in a matter of hours.

So, there can be—**must be**—no delay in this job of helping to keep war away from America's doors.

Even a week's delay may cause us to wake up on the losing side.

Ordinary pace of production is not good enough for factories and men producing defense materials.

Superhuman effort and superhuman devotion to the task are called for at this moment.

Johns-Manville is not producing cannon or airplanes, but J-M is producing materials without which cannon and airplanes are useless. And no country is stronger than the weakest item in its defense equipment.

Johns-Manville and its men remember that hours—yes minutes—count in defense against MODERN WAR.

J-M FAMILY ALBUM

THESE GIRLS ARE PREPARED—Annie Oakley made a reputation for herself as one of the world's finest women marksmen. At Johns-Manville's Nashua, N. H., plant are three girls who are also mighty handy at shooting. All of them experts with pistols, they practice regularly and hit the bull's-eye with little or no effort. The girls in the picture are Florence Baybutt, Bernice Tanana and Nada Tibetts.

Research for Defense

To keep abreast of the national defense program Johns-Manville recently recognized the new tasks imposed on its research activities by appointing a new Director of Research. He is Dr. C. F. Rassweiler, who is assisted by a staff of 200 research scientists, engineers and assistants—all men who know their business.

These experts perform their industrial miracles at Manville, N. J., where J-M's Research Laboratories, the best of their kind in the world, are located.

Because of possible shortage in raw materials and the need for developing suitable substitutes, research directors and their staffs have quite a job on their hands these days in helping industry fill defense orders. But they can do it. The United States leads the world in industrial research.
